Percent satisfied with school-home relations	81.3%	87.9%	83.3%

*Only students at the highest elementary school grade level at this school and their parents were included.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Orchard Park Elementary School continues to make improvements in student achievement as indicated by MAP and PASS data. Our areas of focus have been on reading, writing, and math, especially as we prepare for the implementation of the Common Core State Standards. As a Title 1 school, we have been able to provide additional assistance to students in individual and small group settings. We have purchased instructional materials which include books, math materials, and science supplies to supplement our curriculum and instruction. The Money Cents program was also implemented to support the South Carolina financial literacy standards. Orchard Park continues to make improvements in reading achievement as indicated by PASS, MAP, and teacher assessments. Through comprehensive professional development and data analysis, the teachers have worked to target areas of weaknesses to better address the reading needs of their students. Through our Title 1 monies, we were able to employ three additional Reading interventionists to work with our kindergarten, first, and second graders. We continued to implement the Orton Gillingham phonics program and a balanced literacy approach through the Journeys Reading series. A Literacy Coach works with our teachers and students to promote proficiency in both reading and writing. A comprehensive staff development plan was developed and implemented to provide training in the Common Core State Standards. Visits were made to other high achieving Title 1 schools to learn successful strategies and techniques. Math instruction continues to be delivered through the Every Day Math program with preparations for a new Math adoption for the 2013 school year. A Math Coach/ Interventionist was hired through Title 1 funding to provide support to teachers and students. An after school tutoring program was implemented to give extra assistance to students in both math and reading. An initiative was undertaken in March to have 100% of OPE students memorize their addition and multiplication facts for rapid recall and consistency in order to better facilitate higher order math skills. By the end of March, over 75% of OPE students were 'Math Masters'. Data analysis indicates that Orchard Park Elementary is improving in all academic areas as a result of the programs, strategies, and training that have been implemented. Kathy Whitmire, principal; Butch Rowland, SIC Chair
